

scil VetFuge

Smart Personal Centrifuge

scil VetFuge

Features

- Brushless DC motor for maintenance free long life
- closed rotor leads to lesser friction, reducing noise & heat generation
- 8 position closed micro tube rotor
- digital display alternates between speed and time
- highly efficient & accurate with ± 25 rpm
- microprocessor based closed loop system
- closed loop system self adjusts to varying load conditions to deliver set rpm
- speed & time setting feature
- digital timer programming function
- variable speed settings rpm increments at 100 rpm
- electronic safety brake on LID opening for user safety
- imbalance cut off safety
- quick start & stop for spin-down
- smooth and quiet running
- tiny footprint can squeeze easily on to a crowded counter top
- low voltage instrument with external power supply

Technical Data

| | |
|-------------------|--------------------------------|
| Motor Typ | Brushless DC Motor |
| Maximum Speed | 6.000 rpm/2.000g |
| Speed Type | variable speed up to 6.000 rpm |
| Speed Accuracy | ± 25 rpm |
| Maximum RCF | 2000 x g |
| Size | 162 x 157 x 116 mm (L x W x H) |
| Weight | 1,1 Kg |
| Power Supply | 100 - 240 VAC, 50/60 Hz |
| Power Consumption | 15 W |
